

be famous for beauty and comfort

What is your home for you? A place of rest and relaxation after a heavy day at work? A refuge you can share only with your family, with your closest ones? Or perhaps - on the contrary - a space where everyone is welcomed, a space filled with fun and flourishing friendships? No matter how you like to spend your time: Your Home is your kingdom. The centre of this kingdom is usually a living room, with a sofa where most things are going on, aren't they? Talks, meetings, relaxation, fun... this is where you build relationships, experience the greatest emotions.

How can we make these moments even more pleasant for you? We can give you the most comfortable sofa, the one you exactly need. This is the furniture we create. First, we take a look at your needs to be able to design furniture which satisfies the tastes of even the most demanding customers. We take a long time to test our products and be sure that everything is all right. We take care of the smallest details to make you satisfied with every single look at the sofa, every single touch of the fabric and the pleasure of sinking into the cushions. That's what is truly important is your own pleasure. Choose your perfect sofa.

*That's what is truly important is your own pleasure.
Choose your perfect sofa.*

Anton

Anton has been designed to surprise you with comfort. A combination of proper springs and highly elastic foam in the seat and a proper silicone mixture used as the cushion in-fill make you find it simply irresistible to sit on this piece of furniture every time you walk by. Its harmonious, slightly rounded shapes and narrow sides will perfectly match interiors of various styles.

Belavio

4-SEATER

SOFA RELAX

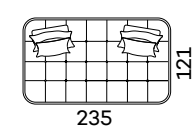

Belavio is recommended for persons looking for distinguished furniture emphasizing an unusual style of their interior. Its comfortable and soft quilted seats, special wrinkled effects, external cross-stitchings and high metal legs contribute to the very unique style. It is perfect for those who look for courageous designer solutions and hate boredom at home.

Bellissa

Bellissa is the undisputed queen of the interior, perfect for those who are not afraid of bold design and distinctive details. Does that match you? Look at these characteristic creases - they give a glamorous look in combination with velour material and decorated, high legs. Soft, spacious seat cushions filled with a special silicone compound and loose back cushions are a promise of rest and relaxation. It is, in a word, so unique that cannot be left unnoticed. Going to take it home?

Bullet

Imagine a simple and modern style interior with an eye-catching accent - the Bullet corner sofa. It is easy to fall in love with these exceptional and rounded shapes, all the more so that the combination of an excellent quality wave springs and highly elastic foam along with adjustable headrests make this furniture amazingly comfortable in use. The additional advantages include the sleeping function and a bedding compartment.

Carmen

Carmen is a romantic model. Its romantic nature is created by the charming, wavy borders on the cushions. It has a unique property - its sides are movable and adjustable, letting you relax comfortably in a sitting or half-lying position. These are not all advantages - this model is equipped with a sleeping function which lets you take a rest in your preferable position

Corrado

Corrado is an alternative to the Rio model - it is also a modular model that you can configure to your needs. Just as soft, thanks to the combination of two types of high-elastic foam in the seat structure and silicone down filling the backrest cushions. The pleasant sinking sensation does not result in the deformation of the furniture, the form of which remains unchanged for a long time. The distinguishing feature of this model is an interesting, inverted trim, for which we have carefully selected the appropriate fabrics to guarantee a unique result.

Domani

Domani is a modern and very pleasant rounded model, consisting of straight and bean-shaped modules. By combining them freely you can create a fanciful shape: a sofa, an L-shaped corner sofa, but also a semi-circle, an open circle, a wave or an S-shape. You are only limited by your imagination! This unique feature makes Domani suitable for a wide variety of rooms – from a cosy living room to an exclusive waiting room in a clinic. Because sometimes we expect furniture to help us be very close to someone, and sometimes we can use it together with others to preserve some intimacy. Interesting? Finally, a little hint – this model looks fantastic in boucle fabrics!

Dune

A unique sofa with its irregular, curved shape, available in a 2, or 3-seater version, allows for an interesting arrangement of different types of space, from an apartment to a hotel lobby. The soft yet springy seat is suitable for those who don't like to fall into the sofa but instead value comfort. Dune, therefore, is a deep, comfortable seat with additional cushions that make it suitable for people of different heights. We suggest that in a long-pile fabric, resembling rabbit fur, it looks especially charming.

All corners and modules can be ordered with either a left or right-hand layout. All figures shows the left-hand side.

Size tolerance for upholstered furniture +/- 4 cm. All dimensions and configurations of furniture can be found at www.befame.com

Foggia

Foggia is a modular proposal that allows a wide variety of configurations, from a small sofa to a very large corner. It is particularly well suited for interiors decorated in a modernist, modern style. The simple shape encourages a little madness in choosing the fabric, an original pattern or trim in a different colour will be an interesting variety. Foggia is the comfort of a stable seat, soft but springy.

All corners and modules can be ordered with either a left or right-hand layout.
 All figures shows the left-hand side.

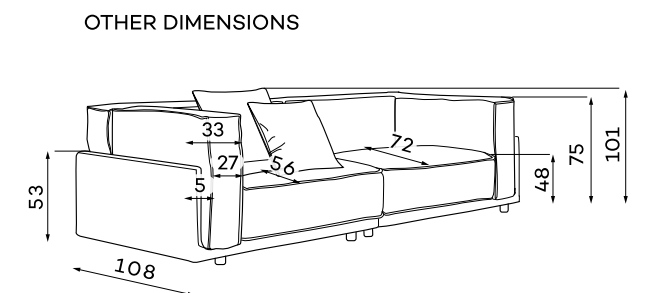

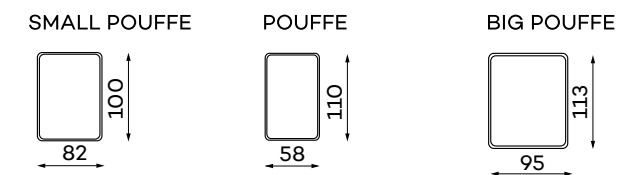

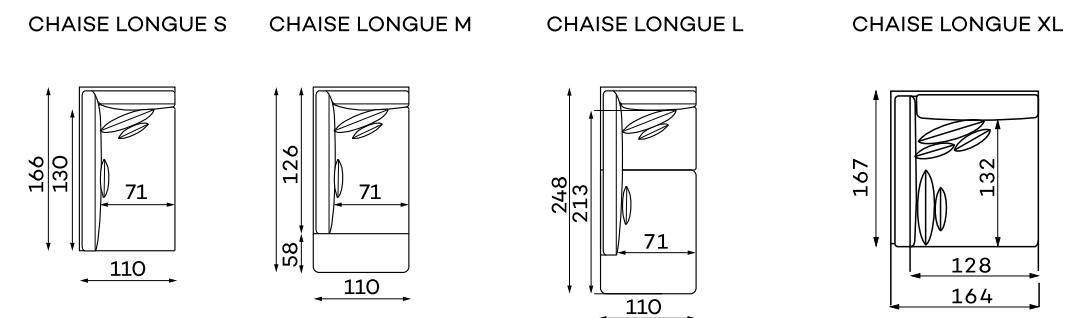

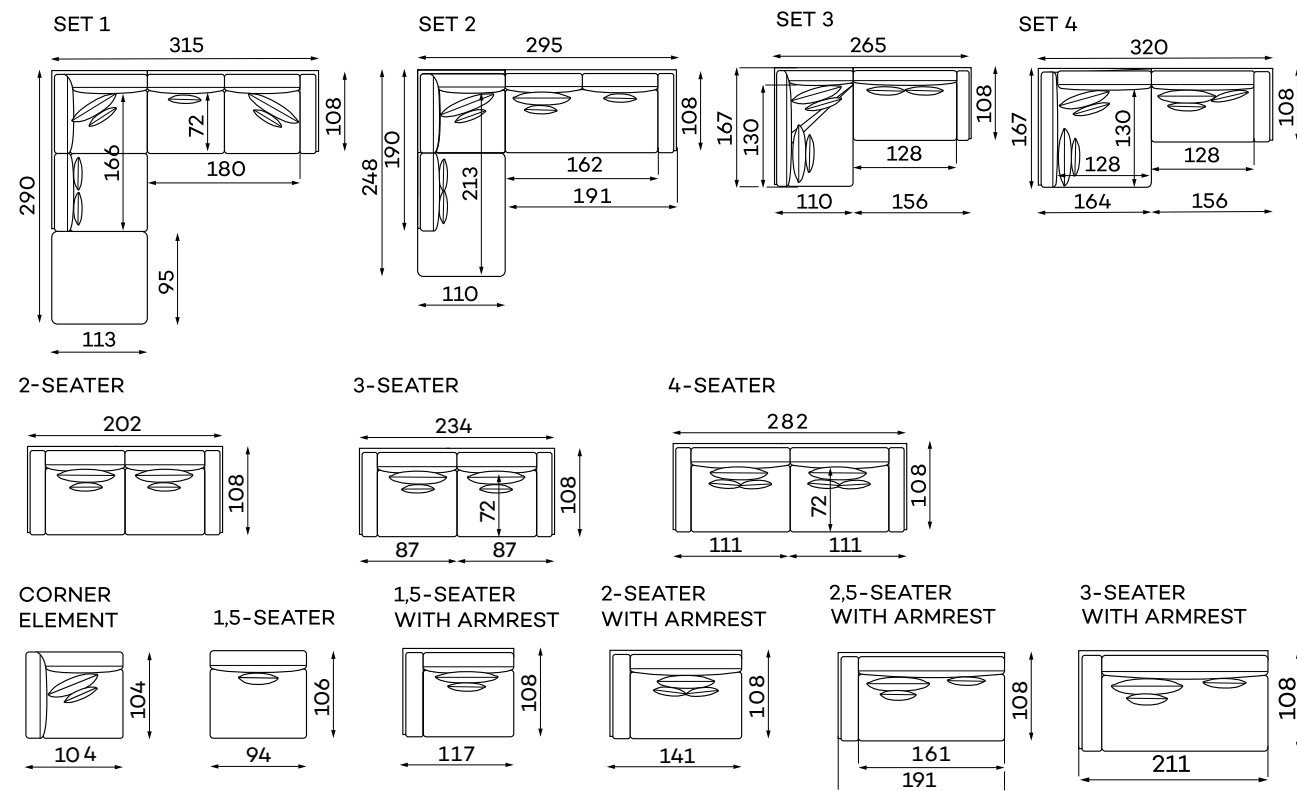

Size tolerance for upholstered furniture +/- 4 cm.
 All dimensions and configurations of furniture can be found at www.befame.com

Laurent

Laurent is Bellissa's younger brother – just like her it is made of modules, it also has soft and very comfortable seat cushions, thanks to a special combination of corrugated springs and highly flexible foam. Just by looking at it, you can imagine the comfort of resting on this piece of furniture. You can comfortably sit back and enjoy aromatic coffee and admire the views outside the window, or lie down under a warm blanket, accompanied by your favourite book or film. Laurent is slightly more versatile in style, making it easier to fit into various types of interiors. Its charm is enhanced by a decorative trim and loose decorative pillows.

Lua

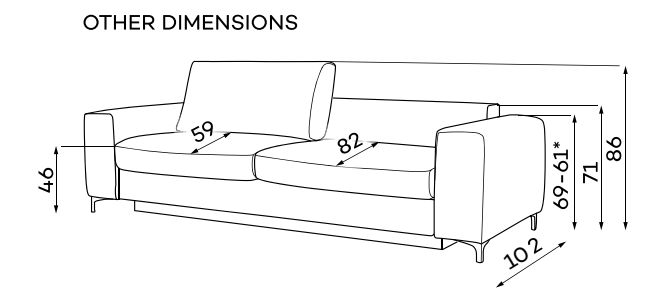

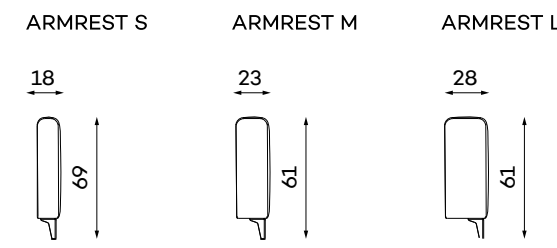

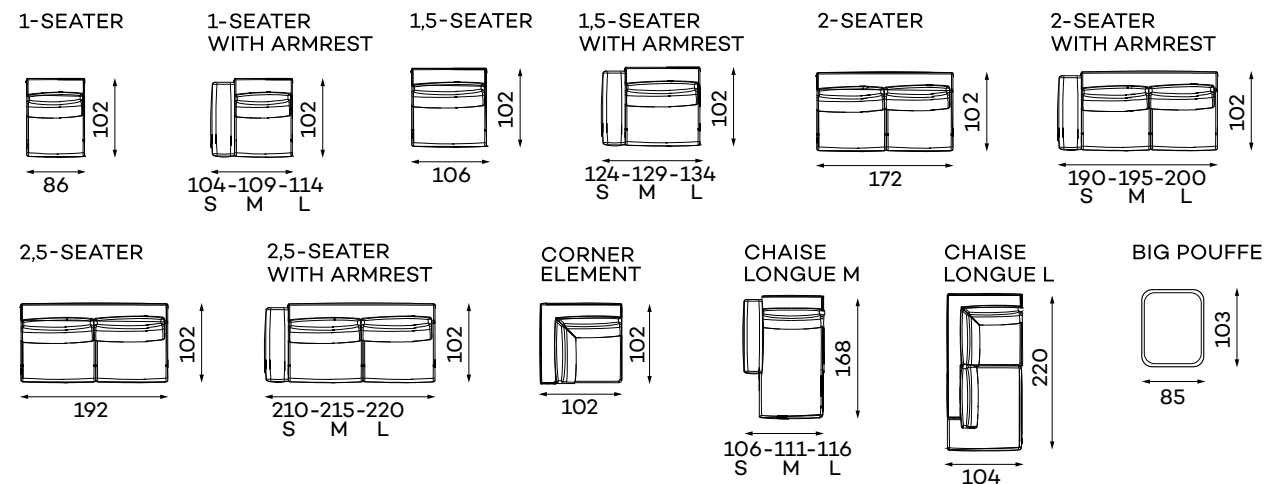

Lua is a simple, classic form that blends perfectly into modern, often minimalist interiors. Just a little imagination is enough to create furniture that also matches the character of other interior styles. Simply choose an extraordinary fabric to create from a variety of custom modules to suit your individual needs to achieve a completely different effect. It's a matter of design, and a matter of ergonomics and comfort – we've made sure that the Lua model is the epitome of these. The wide and soft backrest and seat cushions let you sink into relaxation while reading your favourite book or watching a movie. All you have to do is choose – a small sofa or maybe an elaborate corner sofa?

Lust

The idea behind the creation of the Lust model was to create a sofa that, although it is not visible at first glance, has a relaxation function. Why invisible? Because the furniture remains perfectly proportional, regular and pleasant for the eye. It is a modular model, so you can compose the size and shape of the module as desired by deciding whether or not the module is equipped with electrical features: Relaxation and/or the adjustment of the head rests. The comfort is enhanced by the very shape of the sofa – wide and deep as well as the filling which consists of a special composition of high-elastic foams, lazy foams and quilts filled with silicone down. In short, top-of-the-range comfort for the body and a feast for the eye, because regardless of the selected modules, it looks exceptionally harmonious and soft, yet unconventional.

Moon

Moon is a product designed to satisfy those who prefer simple and classic forms. However, do not let the first impression mislead you – it is not an ordinary piece of furniture, many of which are available around. We have spent many hours to refine details, especially to adjust proportions and provide you with the best ergonomics of use. That is why it comes with wide and soft seat and backrest cushions or broad sides designed to give you a proper support.

Rio

Close your eyes and sit down. Don't you feel like being on a soft and delicate cloud? This is how the Rio sofa owners most often speak of it. You can pleasantly "sink into" it thanks to the combination of two special highly elastic foams and silicone down which offers the same feeling as natural feathers, but is friendly to people with allergies and resistant to deformations often referred to as „sagginess“.

Rio

Rio

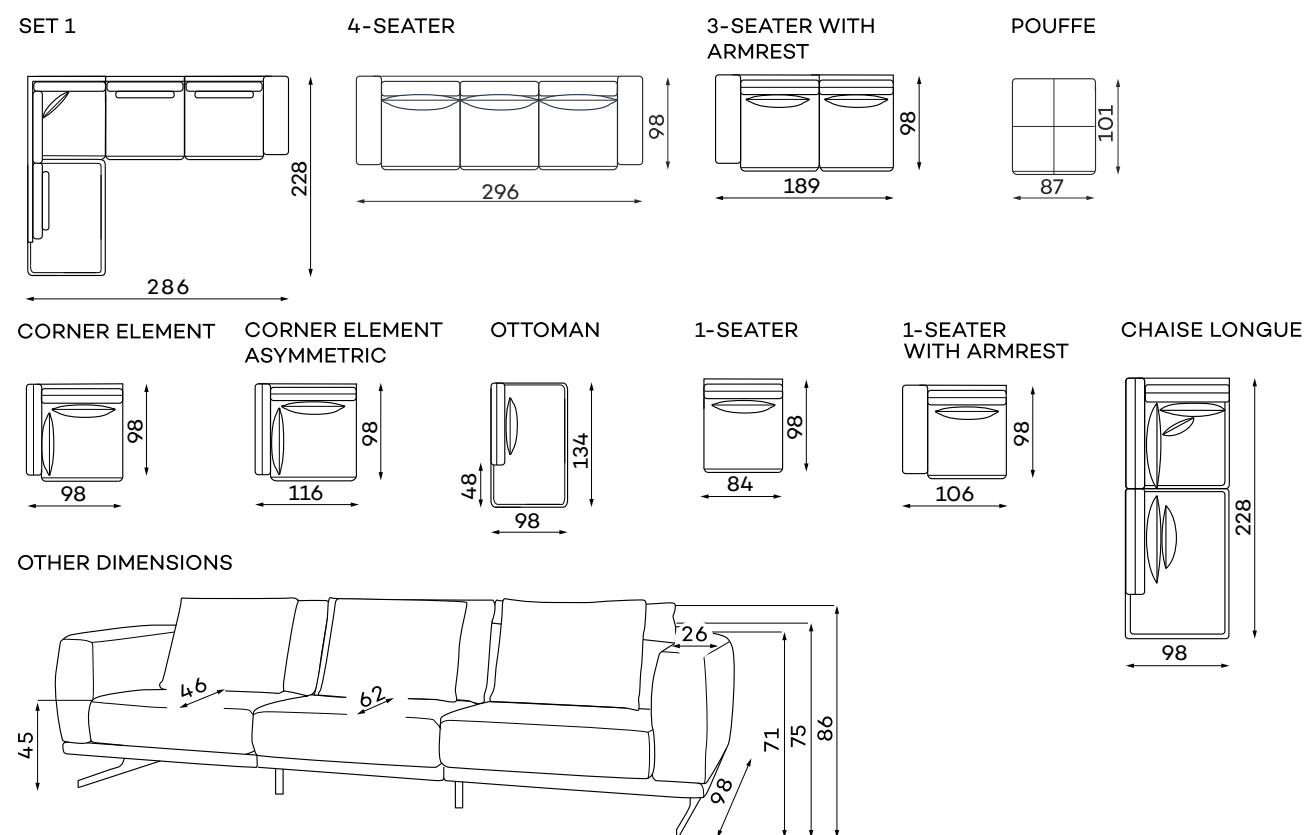

Soprano

Looking for sofas that are visually light and modern, but don't want to compromise on your comfort? Soprano is a great choice. The tall metal feet and streamlined shape are in keeping with the latest trends, but the biggest advantage of this model is its softness, thanks to the combination of two types of high-elastic foams with silicone down and a wave-spring design. In addition to exceptional comfort, we guarantee your satisfaction of use - even after a long period of use, the sofas will return to their original shape, and allergy sufferers do not have to worry about the conditions that occur often when the filling is made from natural feathers. Choose from a wide range of fabrics and sizes of sofas and enjoy a pleasant moment of relaxation on your home.

Do you like the back rest designed for you to comfortably lean your head on it or do you prefer when it is slightly bent backwards? Or do various members of your family have different expectations here? The Tivoli corner sofa will meet all these requirements. You can freely adjust its back rest with a quick and convenient system. This comes with a streamlined shape and soft in-fill in seats, enriched with a quilt made of anti-allergic silicone down - the best of harmony and everyday relaxation in the modern style.

Tulia

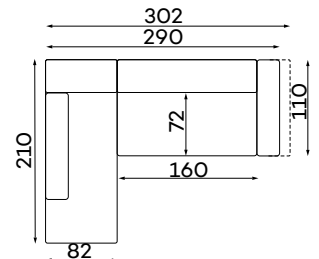

Tulia is an interesting proposal, which can be a sofa, a smaller corner if we use a chaise longue or a larger one if you additionally incorporate a pouffe. You decide. As usual, we have ensured exceptional comfort – a soft yet resilient seat and a suitably contoured backrest, movable sides and an extra armrest that can be positioned exactly where you need it. And the look? In no way inferior to comfort! The high legs, available in several colours, add lightness to the shape and the fleshy trim adds charm. The advantage is also the interesting wrinkles formed in various places as a result of dragging your hand – the right choice of fabric will allow there to be more or less of them, depending on your preference.

Armchair

A fire in a fireplace or the glow of candles, a cup of your favourite tea, an inspiring book and... what is missing from this picture? Of course, a comfortable armchair! The softness is obtained thanks to the high-quality foam of the highly flexible, guarantees your comfort even when you're going to sit for a little longer. There's no need to wait - choose the right fabric, one of the four colours of the feet and enjoy your own relaxing, most comfortable place to relax.
