Tirella sofa

Designer: Paolo Grasselli

Tirella sofa, an addition to the armchair collection, is an element with a retrò taste, inspired by the fabric samples that are laid atop a cutting table. A complement of sophisticated silhouette in which the cushions, from simple "extras" take on the leading role, "embracing" the metal frame at the

armrests and backrest. Thanks to its small size, Tirella sofa is suitable not only for living spaces, but is perfect also for public environments and areas intended for welcoming.
